Zanzibar's Ocean Jewel: Indian Ocean Lobster

Our spotlight shines on the extraordinary Indian Ocean Lobster, a true gem of Zanzibar's pristine waters.

Its captivating colors and exquisite sweet taste make it a culinary delight like no other.

This remarkable lobster, like all spiny lobsters, boasts unique features that set it apart. With no claws but two spiny rostra over the eyes, and two pairs of large antennae, it truly stands out in the world of crustaceans.

Our live lobster tank - the first of its kind in Zanzibar, with lobsters which are caught just in front of the shores by local fishermen in our village, ensuring unrivaled quality and authenticity. You have the option to personally choose your lobster or be informed about the available sizes, making your dining experience truly unique. Our prices are rounded up or down on 50g to provide you with the most transparent and fair pricing.

We kindly request pre-orders at least 4 hours in advance, allowing our chefs to prepare your feast to perfection. Additionally, for those seeking the ultimate surf and turf experience, we offer a delectable option at an additional charge of 12 USD.

Please note that the availability of specific lobster types may vary based on the season and local catch, adding an element of excitement and surprise to your dining experience.
